New Product

BULLETPROOF WEAR PATCH HAS A NEW BIG BROTHER!

New Wear Patch - 3/8" x 8" x 12" (96 sq. Inches) WP-812-38

- Same great benefits as regular Wear Patch, **only bigger!**
- Cover more area - 96 sq. Inches
- Lasts up to 10 times longer than hardfacing
- Installs over 10 times faster than conventional hardfacing
- Much less welding - eliminates heat distortion
- Reduces hardfacing cost - cuts downtime
- Plug or tack welds in place with Mig or common low hydrogen electrodes
- Hardness in excess of 60 Rockwell "C" or 600 Brinell
- 3/8" thick - great for high wear and moderate impact
- Can be cut with torch to fit irregular areas
