New Product

## Excavator Bucket Protection - Heel Shrouds and Wear Strips

**Application:** Recycling, demolition, and crusher companies use excavators to load and manage their material. Kenco can protect many wear areas on excavator buckets just like we do on loader buckets.

**New Product:** Fabricated Heel Shrouds and Wear Strips for excavator buckets. Available for any size bucket small to large. Simply weld in place.

*Kenco can supply TC impregnated or chromium carbide overlaid heel shrouds and wear strips to protect excavators. These parts can be custom designed to fit the bucket.*
